SQUIRES WILL WIN

North Joins Hands With Conception Bay

REFUTES CROSBIE HEELER'S FALSEHOODS AND SAYS POSITIVELY THAT SQUIRES IS COMING BACK

Polling Day Will Be May 3rd

A Gazette Extraordinary issued to-day contains the Proclamation calling for a General Election, the Nomination of Candidates which will take place on Monday, the 23rd day of April instant. The day set for Polling is May 3rd.

Owing to the Gazette not being issued till noon to-day, we have to hold over publication of the divisions of the Districts as set forth in the proclamation until to-morrow.

THEIR JOY IN BACKING COAKER

Cape Cove, April 7.—(Special to the Advocate)—Cape Cove is old for the government. Will vote for Messrs Coaker, Abbott and Winsor. No Tory heelers need come here. By chance I was present at one of their meetings at Pinchard's Island. It was the hardest kind of a meeting, ending in a big row. Union men got on fire and Peter Roberts left

the hall. For sure there will be no change in the government. James Barbour is not worth talking about. He is like a label on a bottle, best on the outside. Come on Coaker, that's our joy, defending you

Leading Man O.K.

We learn that Mr. Dingle, the leading man in the Casino Play, who made such a hit in "Adam and Eva" last week has fully recovered from his illness and will appear to-night in the new play "East is West."

Liberal Trio

Placentia, April 4.—The popular government candidates, Capt. Bonia, minister of Finance and Customs, James Bindon, our old Friend and successful business man of this place, and W. J. Browne, a Rhodes scholar and a clever young solicitor who is an honor to his native place, held a most successful meeting at Argentia on Tuesday night, and arrived here yesterday morning on their way to the Cape Shore.

Young and old were delighted to see the genial captain who had the courage of his convictions to come forward and to save the country from the Opposition crowd that are now seeking to destroy our future prosperity. The people are disgusted with the Cashin-Crosbie Tory trio whose newspapers, the Daily News and Telegram show to the country and the world the kind of men that compose the Opposition clique who have the gall to ask the people to place them back in power.

Bonia, Bindon and Browne hope the Tory scribes will keep filling the pages of their press thus advertising them. They are grateful because it shows to the other districts how the Opposition press view with alarm the loss of this district. Well done, Mr. Advocate and Mail, you are showing up the Opposition parerfen can read between the lines, ty in their true colors. We, the fish-

Bonia, Bindon and Browne will be the winning team in this district. Squires Can't Lose.

Every day and in every way the government grows stronger and stronger.

A GOOD SCHEME

St. Albans, April 7.—Please publish for the sympathy of friends in Fortune Bay the following bi-weekly mail scheme: Northern Right to Fox Cove by motor, from Fox Cove to Pole's Cove by ferrier or roads, from Pole's Cove to Belleoram by road, from Belleoram to bottom of Hermitage Bay by road, from bottom of Hermitage Bay to Jersey by road, from Jersey to Conn River by road. Of what avail are schools if our people are not brought in easy communication with the social and intellectual centres of the country.

Extract From A Private Letter From Heart's Content

"The Government candidates had an excellent meeting to-night. The Orange Hall (Masonic) was packed with a very appreciative audience and while one could not say absolutely, yet I am strongly of opinion that there is a great increase in the number of Government supporters. Each speaker was listened to with the utmost attention and all made good points. I think the team an excellent one. Hartyard certainly made out a good case for the party."

That "Coaker is a menace."

BUT—
NOT ONE OF THE PURE-MINDED TORY POLITICIAN BRAVES WILL GO DOWN TO BONAVIDA TO DEFEAT COAKER.

St. John's says: "If Coaker is a bad man, why does not the north turn him down?"

Coaker is surely a menace to Tory Grafters. He puts them to the mat everytime. What has become of all the fuss Morine and Jesse Winsor kicked up last Fall? It has all petered out and the bailiff came down on the Jesse Winsor office the other day and stayed there until the back rent was paid up.

It certainly does not look as if the Coaker strength is weakening when nobody can be found to contest Bonavista district for the Tory Cause.

On page four to-day Bonavista sends a message to Conception Bay and news from all sources is that Squires is coming back!

PROCLAMATION

GEORGE THE FIFTH, by the Grace of GOD, of the United Kingdom of Great Britain and Ireland, and of the British Dominions beyond the seas, King, Defender of the Faith, Emperor of India.

The Valley of the Giants

By PETER B. KYNE.

CHAPTER XXII.

"I would have, before young Cardigan raised such a fuss in the logging-camp, before old Cardigan sold his Valley of the Giants to another burglar and before I had gathered indubitable evidence that neither of the Cardigans knows enough about managing a saw-mill and selling lumber to guarantee a reasonable profit on their bonded and floating indebtedness. Satisfy, I bought those Cardigan bonds for you because I thought old Cardigan knew his business and would make the bonds valuable, make them worth par. Instead, the Cardigan Redwood Lumber Company is tottering on the verge of bankruptcy; the bonds I purchased for you are now worth less than I paid for them, and by next year the Cardigans will default on the

Interest.

"So I'm going to sit tight, and decline to have any more business dealings with the Cardigans. When the hauling contract expires, I shall not renew it under any circumstances. It will prevent them from getting loans, and so they will automatically go out of the lumber business and into the hands of a receiver; and since you are the largest individual stockholder, I, representing you and a number of minor bondholders, will dominate the executive committee of the Cardigan Lumber Company when they meet to consider what shall be done when the Cardigans default on their interest and the payment due the sinking fund. I shall par. Instead, the Cardigan Redwood Lumber Company is tottering on the verge of bankruptcy; the bonds I purchased for you are now worth less than I paid for them, and by next year the Cardigans will default on the

a loss on your bonds.

"I must pursue this course, my dear, in justice to you and the other hand, bondholders. If, on the other hand, I find the situation hopeless or conclude that a period of several years must ensue before the Cardigans work out of debt, I shall recommend to the bank which holds the deed of trust and acts as trustee, that the property be sold at public auction to the highest bidder to reimburse the bondholders. Of course, he hastened to add, 'If the property sells for more than the corporation owes, such excess will then in due course be turned over to the Cardigans.'

"Is it likely to sell at a price in excess of the indebtedness?" Shirley queried anxiously.

"It is possible, but scarcely probable," he answered dryly. "I have in mind, under those circumstances, bidding the property in for the Laguna Grande Lumber Company and merging it with our holdings, paying part of the purchase-price of the Cardigan property in Cardigan bonds, and the remainder in cash."

"But what will the Cardigans do then, Uncle Seth?"

"Well, long before the necessity for such a contingency arises, the old man will have been gathered to the bosom of Abraham; and after the Cardigan Redwood Lumber Company has ceased to exist, young Cardigan can go to work for a living."

"Would you give him employment, Uncle Seth?"

"I would not. Do you think I'm crazy, Shirley? Remember, my dear, there is no sentiment in business. If there was, we wouldn't have any business."

"I think I understand, Uncle Seth—with the exception of what effect the building of the N.C.O. has upon your plans."

"Item two," he challenged, and flicked it off on his middle finger. "The Cardigan Redwood Lumber Company owns two fine bodies of redwood timber widely separated—one to the South in the San Hedrin watershed and at present practically valueless because inaccessible, and the other to the north of Sequoia, immediately adjoining our holdings in Township Nine and valuable because of its accessibility." He paused a moment and looked at her smilingly. "The logging railroad of our corporation, the Laguna Grande Lumber Company, makes it accessible. Now, while the building of the N.C.O. would be a grand thing for the country in general, we can get along without it because it doesn't help us out particularly. We already have a railroad running from one timber to the water, and we can reach the markets of the world with our ships."

"I think I understand, Uncle Seth. When Cardigan's hauling contract with our road expires, his timber in Township Nine will depreciate in value because it will no longer be accessible, while our timber, being

still accessible, retain its value."

"Exactly. And to be perfect frank with you, Shirley, I do not want Cardigan's timber in Township Nine given back its value through accessibility provided by the N.C.O. If that road is not built, Cardigan's timber in Township Nine will be valuable to us, but not to another living soul. Moreover, the Trinidad Redwood Timber Company has a raft of fine timber still farther north and adjoining the holdings of our company and Cardigan's, and if this internal N.C.O. isn't built, we'll be enabled to buy that Trinidad timber pretty cheap one of these bright days, too."

"All of which appears to me to constitute sound business logic, Uncle Seth."

He nodded. "Item three," he continued, and flicked it off on his third finger. "I want to see the feeder for a transcontinental line built into Sequoia from the south, for the reason that I will tap the Cardigan holdings in the San Hedrin watershed and give a tremendous value to timber which at the present time is rather a negative asset; consequently I would prefer to have that value created after Cardigan's San Hedrin timber has been merged with the assets of the Laguna Grande Lumber Company."

"And so—"

"I must investigate this N.C.O. outfit and block it if possible—and it should be possible."

"How, for instance?"

PUBLIC NOTICE

Under an Act representing the St. John's General Hospital (6 George V., Chapter XIX), and with the approval of the Governor-in-Council, the Board of Governors have fixed and prescribed the following scale of fees to be levied from and paid by all persons who occupy beds or undergo treatment at the Hospital:

Scale of Fees.

Every person receiving treatment in the St. John's General Hospital shall pay fees according to the following scales:—

PERSONS ADMITTED TO THE PUBLIC WARDS, \$1.00 PER DAY.
PERSONS OCCUPYING PRIVATE ROOMS, \$10.00 PER WEEK IN ADDITION TO THE DAILY FEE OF \$1.00.

TO COVER THE COST OF DRESSINGS, ANAESTHETICS, AND FOR THE USE OF THE OPERATING ROOM, PATIENTS UNDERGOING OPERATIONS SHALL PAY A FEE OF \$10.00 IN ADDITION TO THE FEES SPECIFIED ABOVE.

Every applicant for admission to the Hospital must bring or forward to the Superintendent of the Hospital, certificate signed by a duly registered physician that such applicant is a proper subject for Hospital treatment.

Under the provisions of the General Hospital Act, 1915, all patients who are unable to pay fees shall be required to bring with them a certificate of their inability to pay, which shall be signed by the Resident Relieving Officer, or where there is no such Officer by a Justice of the Peace, a Clergyman or other responsible persons.

The fees of such patients thereupon payable by the Commissioner of Public Charity, by virtue of the said Act, By order of the Board of Governors.

GEORGE SHEA, Chairman,
W. H. BENNIE, Secretary.

"I have considered the means, my dear. Those come later. For the present I am convinced that the N.C.O. is a corporate joke, sprung on the dear public by the Trinidad Redwood Company to get the said dear public excited, create a real-estate boom, and boost timber-values. Before the boom collapses—a condition which will follow the collapse of the N.C.O.—the Trinidad people hope to sell their holdings and get from under."

"Really," said Shirley, demurely, "the more I see of business, the more fascinating I find it."

"Shirley, it's the grandest game in the world."

"And yet," she added musingly, "old Mr. Cardigan is so blind and helpless."

"They'll be saying that about me some day if I live to be as old as John Cardigan."

"Nevertheless, I feel sorry for him, Uncle Seth."

"Well, if you'll continue to waste your sympathy on him rather than on his son, I'll no object," he retorted laughingly.

"Oh, Bryce Cardigan is able to take care of himself."

"Yes, and much enough."

"He saved our lives, Uncle Seth."

"He had to—in order to save his own. Don't forget that, my dear. Carefully he dissected a sand-dad and removed the backbone. 'I'd give a ripe peach to learn the identity of the scheming bixtinsky who bought old Cardigan's Valley of the Giants,' he said presently. 'I'll be hanged if I hadn't don't complicate matters a little.'"

"You should have bought it when the opportunity offered," she reminded him. "You could have had it paid for it a year ago—and I'm sure that should have been sufficient indication to you that the game you and the Cardigans had been playing so long had come to an end. He was beaten and acknowledged it, and I think you might have been a little more generous to your fallen enemy, Uncle Seth."

"I dare say," he admitted lightly. "However, I wasn't, and now I'm going to be punished for it, my dear; so don't roast me any more." By the way, that speckled hot-air fellow Ovitvy, who is promoting the Northern California Oregon Railroad is back in town again. Somehow, I haven't much confidence in that fellow. I think I'll wire the San Francisco office to look him up in Dun's and Bradstreet's. Folks up this way are taking too much for granted on that fellow's mere say-so, but I for one intend to delve for facts—particularly with regard to the N.C.O. bank-roll and Ogilvy's associates. I'd sleep a whole lot more soundly to-night if I knew the answer to two very important questions.

"What are they, Uncle Seth?"

"Well, I'd like to know whether the N.C.O. is genuine or a screen to hide the operations of the Trinidad Redwood Timber Company."

"It might," said Shirley, with one of those sudden flashes of intuition peculiar to women, "be a screen to hide the operations of Bryce Cardigan. Now that he knows you aren't going to renew his hauling contract, he may have decided to build his own logging railroad."

After a pause the Colonel made answer: "No, I have no fear of that. It would cost five hundred thousand dollars to build that twelve-mile line and bridge Mad River, and the Cardigans haven't got that amount of money. What's more, they can't get it."

"But suppose," she persisted, "that the real builder of the road should prove to be Bryce Cardigan after all. What would you do?"

Colonel Pennington's eyes twinkled. "I greatly fear, my dear, I should make a noise like something doing."

"Suppose you lost the battle."

(To be continued.)

"He Shall Not Pass,"
Said Head of C.P.R.

"BUT THERE WAS ONE SLIGHT SLIP IN PUNCTUATION, AND JIM RODE FREE TO MONTREAL."

When Lord Shaughnessy was President of the C.P.R. a man managed to get into the private office of the president, explaining to those who guarded the president's privacy from intruders that Lord Shaughnessy had done him a great favor, for which he felt that he should thank him personally. It appears this gentleman got stranded in Vancouver, had gone to see officials of the C.P.R. there, told them he was a personal friend of the president, and asked for a pass to Montreal. The officials wired the president for instructions. When they received a telegram saying "Don't let Jim walk," they issued a pass. It turned out that this man did not know Lord Shaughnessy at all. When the president's secretary had asked if a pass should be issued for "Jim," Lord Shaughnessy had replied, "Don't. Let Jim walk." But the message was punctuated wrongly, and as a result Jim got a free ride over the C.P.R. from Vancouver to Montreal.

OBITUARY

JAMES GUSHUE.

It is with deep regret that we announce the death of Mr. James Gushue, which took place at his residence on Sunday evening. Mr. Gushue had suffered from a severe attack of la grippe, but appeared to be convalescent. The end came very suddenly. He had for a long period been connected with the Postal Department, and for many years resided at Port aux Basques. About five years ago he was transferred to the G. P. O. where he was placed in charge of the Dead Letter Office. A faithful, industrious and efficient official he has left his impress on the work of the Department, and his passing will be deplored by every member of the staff.

To his wife and family and to his brother, Mr. Geo. W. Gushue, who so recently has passed through sore personal bereavement, the sympathy of their friends will go forth in this time of great sorrow.

Mr. James Gushue was a good man, conscientious official and a citizen of the highest type, and leaves behind the record of a well spent life.

The funeral takes place to-morrow afternoon from his late residence on Patrick Street.

ELIZABETH SAUNDERS

On Feb. 24th death visited this little place and took from us Elizabeth Mary Saunders, aged 22, daughter of Mr. and Mrs. Robert Saunders. She was first taken severely ill in April 1922, and although she got well enough to get around again, yet she never recovered from that attack, and on Jan. 1923 she was again taken down.

Lizzie was liked by all who knew her. She was a Sunday School teacher and is greatly missed by her class, and will not soon be forgotten by the people of this place. All that was possible to be done, was done for her, but God called her to that Great Beyond where all sorrow and pain is over. She tried to comfort her heart broken mother till the last, telling her not to grieve for her, but to feel glad that she was going to a better home and prepare to meet her there.

Left to mourn are a mother, father, two brothers and one sister, to whom greatest sympathy is extended.

A Lipel on Nfldrs. Denied

A letter has been received by a prominent citizen from the Hon. J. P. Hand, Bermuda from which we extract the following:—

"I noticed in an extract from one of the St. John's papers recently, a news item to the effect that the Newfoundlanders who had come to Bermuda, were not behaving themselves, and this is grossly untrue.

"I assure you the men are giving every satisfaction, and what is best of all, are content with their occupation and treatment here, and I have every reason to be proud of them."

If we remember rightly, the item to which the Hon. Mr. Hand objects to and very properly so, appeared in the Daily News.

Let Us Put the Tory Party Down to Defeat Forever

(Editor Evening Advocate)

Dear Sir—During the past few months politics have been and are to-day, the subject of conversation. While I am writing my "wanderers" back to 1919, when I recall the great victory gained by our noble leader, Sir R. A. Squires over his political enemies. It gives me great confidence in his winning the battle once again in the coming election. Last night I had the privilege of hearing Hon. Dr. Barnes and Capt. Jones, of the Liberal party for Twillingate district in a speech of the coming election, and I feel sure that the Hon. R. A. Squires made no mistake in selecting these gentlemen to form a part of his government. The hall was filled to capacity and a hearing such as was never given any members of any government or opposition party before, was given as each member spoke in turn, and each member was greatly applauded as he outlined the different subjects which he brought forward. The last to speak was Hon. Dr. Barnes, his chief subject being education on which we were given a stirring address, and may I say that instead of cutting down the education grant, I for one, and thousands

are like me, would like to see it double what it is so that the poorest child born could have a chance in life. We consider that with thirty out of every hundred Newfoundlanders unable to read or write, and others countries half a dozen, and some even as low as one, it is time the opposition party closed their mouths on wanting the education grant cut down to one third of what it is. Now Mr. Editor, let us join hands and put the Tory party further down to defeat, and whip them worse than any dog on the Treaty Shore was ever whipped by its master, and let us put Sir Richard Squires and his party back with a bigger majority than ever any government ever had before.

I am sorry to say I never had the opportunity to hear our trusted friend Mr. Brown speak but this I know that Grand Falls could never choose a better man to look after their interests.

Here's hoping that every man will vote the straight ticket for Barnes, Jones and Brown. Wishing your valuable paper every success—DOUBLE SLEDS. Grand Falls, March 21, 1923.

MUCH CANADIAN CASH IN L. R. STEEL

INVESTED \$9,000,000 IN U.S. COMPANY, TORONTO OFFICE

TORONTO, March 10—Canadians invested \$9,000,000 in the L. R. Steel Company, Inc., of the United States. This was the definite statement last night by an official who is in a position to know. Part of his was re-invested in Canada.

Canadian investors put their money direct into the American company and will now have to look to the proceedings launched in the United States for any return for the millions put into the undertakings of L. R. Steel. The appointment of G. T. Clarkson as receiver is separate from the winding up of proceedings taken in the United States. Mr. Clarkson will call a meeting of creditors (not shareholders) and determine what is owing to firms by the Canadian company, and any surplus left will be sent to the United States and put into the general melting pot for distribution from the

rest.

PAY CREDITORS.

It was stated last night the Canadian stores owned approximately \$200,000 and it is quite likely there will be sufficient to pay these claims.

The city assessment rolls show that fairly large incomes were enjoyed by the principal officers of the L. R. Steel Service Corporation, the subsidiary which sold the stock. Exclusive of the \$2,000 exemptions, these are given as follows:—

Percy C. Deebie president, \$52,685; Carol R. Cowan, inspector, \$7,012; G. P. Marsh, superintendent, \$7,500.

ASK RECEIVERS.

BOSTON, March 10—The appointment of receivers in this stage for the L. R. Steel Company concern, was asked yesterday by the National Toy and Tinsel Company, of Wisconsin. Fenelson and Company said to be a subsidiary, was made a party as were the Old Lowell National Bank and others, with a request that they be restrained from foreclosing on certain stock. Judge Anderson set next Wednesday for a hearing.

SQUIRES CAN'T LOSE!

THEY CALLED HIM AN "OLD PILL"

THAT was years ago when he packed a terrible grouch, a mighty irritable stomach and a liver that refused to do the things that all good livers should. No wonder his friends called him an "old pill" and stayed away.

But that was years ago—long before he discovered Beecham's Pills and learned that two at bedtime can bring sunshine into a man's life. Today, he's an optimist, a hero to his wife, and a staunch believer in Beecham's Pills.

The cheer that Beecham's Pills bring into a man's disposition, is the incomparable cheer of sound digestion, active liver, and the regular habits that make good health.

PUBLIC NOTICE

Inspection Regulations

The boilers of every steamer registered in the Colony shall be subject to annual inspection by the Inspector.

All persons removing boilers or installing second-hand boilers for any purpose, to work under steam pressure, shall notify the Minister of Marine and Fisheries as to the new locality is intended to work the boilers in; and shall not work such boilers until they have been inspected.

Every steamer carrying local crews or passengers to or from this Colony, or to or from any ports therein, shall be subject to annual inspection.

All persons installing new boilers for any purpose to work under steam pressure shall notify the Minister of Marine and Fisheries, in writing, as to the locality of said boilers.

The Inspector shall grant a certificate of inspection for every boiler which shall be approved by him. The certificate shall be displayed in a prominent place in the vicinity of the boiler to which it refers.

Inspection Fees

When a boiler is not in good condition, and the Inspector has granted a certificate for a period less than twelve months, the fee for each extra inspection during the twelve months shall be the extra inspection fee of that class.

For any special visit to be made by the Inspector, other than the annual inspection or for any special inspection made at the request of the owner or manager of a boiler, the owner shall pay the expenses incurred by inspection from St. John's to location of boiler and return, subject to approval of the Minister of Marine and Fisheries.

Mode of Inspection

Notice of alterations or additions to any boiler should be given to the Inspector, in writing, for his approval before proceeding with their work.

Every boiler made after the coming into force of these Regulations shall be stamped with the initial letters of the Inspector's name who inspected it and was tested; also the actual working pressure allowed on it.

Gerald S. Doyle Is Back From West Indies

Mr. Gerald S. Doyle, the popular representative of Dr. A. W. Chase Company returned by the Rosalind Friday after completing an extensive business trip to the West Indies. Mr. Doyle left New York on February 3rd, and first visited Bermuda. Here he met many of the Newfoundland men who are engaged in constructing the New Hotel and he says they are all well and doing good work. Some of the younger men say they are going to remain there after the work is finished, as they can easily find lucrative employment.

Leaving Bermuda, Mr. Doyle visited practically all the British West Indies going as far South as Demerara. At that place he met two Newfoundland Nuns, who have been there for 45 years in the Ursuline Convent. They were delighted to meet a Newfoundland, and made many enquiries about St. John's and friends here. From Demerara Mr. Doyle visited Venezuela, and went up to Caracas the Capital city, situated 4000 feet above the sea level, and considered the finest city in South America. He returned to New York by way of the Panama Canal, and at Panama had the pleasure of witnessing a review of the American Fleet at the time both the Atlantic and Pacific fleets were to be reviewed by Secretary of the Navy Denby. It was a wonderful sight to see all the destroyers going through the Canal. During March more ships passed through the Canal than for any month since it was opened.

Speaking of the West Indies, Mr. Doyle said it was surprising to see the enormous number of passengers and freight steamers calling at the different islands from all parts of the world, bringing thousands of tourists, British, American, French and Dutch steamers of the most modern type stop at the West India Islands, so that freight and transportation problems have been reduced to a minimum. The climate was excessively hot in most places, and it was difficult for a northerner to get through much work in the noon day. Business opens as early as seven in the morning.

ST. JOHN'S, NEWFOUNDLAND, MONDAY, APRIL 9th., 1923.

CASHIN PROSTITUTED THE CONSTITUTION TO ACCOMMODATE MORINE IN ELECTION OF 1919

Changed Election Act So That Alien Morine Might Have Rights and Privileges Not Accorded Our Native Sons

One of the greatest political crimes, one of the most outrageous disgraces ever perpetrated on the public of this Colony was that of which Cashin, Crosbie, Bennett, Higgins, etc., were guilty when they made a joke of the Constitution and a laughing stock of the Election Act in 1919 to permit the unspeakable Morine to stand as a Tory candidate in the General Election of that Fall of that year.

Every decent man in the House of Assembly, and they were all, it so happened, in the Opposition of that day, vigorously protested against the outrage, but the voice of an insulted Newfoundland was ignored and the Cashin Tory crowd who never did have any sense of right or decency prostituted the Election Act to suit the convenience of the greatest enemy Newfoundland ever did, a man whose political regime in this country has caused more heart aches than that of any other man who ever degraded the House of Assembly by his presence.

Morine could not have stood as a candidate here in the 1919 election, because under the 1913 Election Act he must have been a resident of the Colony for two years immediately preceding the election.

Morine was not a bona fide resident of Newfoundland, he was an alien, pure and simple, and an undesirable alien at that, so that as many of our people were concerned.

Therefore, in order to let Morine be a candidate the Election Act was changed.

When the amendment, removing the "two-years-residence" clause was brought down in the House there was a storm of protest and indignation, not alone in the House but outside of it, because it was immediately realized what a dastardly thing Cashin was doing. He was destroying a safeguard against the invasion of our public by all sorts of adventurers that had stood undisturbed since the Colony was given Responsible Government. He was setting a precedent for a practice whose growth must be fraught with the greatest danger to the country and its independence, for, if one such drastic change in the Election Law could be made without any more to do than the passing of a dog license Bill would occasion, what was to prevent other changes just as drastic? And where, then, lay our safety from ultimate dominance by the stray Morines who marked this country for their own?

Cashin, in his all consuming love for this wandering politician, placed him on a pedestal above all the common people of the country. His dastardly amendment meant that while A. B. Morine, an alien, the rejected of his native land, Canada, and the many-times banished of Newfoundland, could come in here without a day's notice and be nominated as a candidate for the House of Assembly, our native sons, if they have been out of the country and return one year, and eleven months before the election HAVE NOT THE RIGHT TO VOTE.

The whole political history of Newfoundland does not contain another incident on a parallel with this one for wanton prostitution of the country's laws or flagrant interference with the rights of the people.

If Morine held Cashin in his grip to such an extent in 1919 as to force him to do a thing of this kind, is it reasonable to expect that the power he then exercised is in any way diminished to-day?

Let the country beware of the Morine menace, which is as great now as it ever was in Morine's palmist days.

Hr. Grace Supports The Government

The last issue of the Hr. Grace Standard contains a well reasoned editorial on the political situation, and will support the Government of the Hr. Grace's talented son, Sir Richard A. Squires in the approaching contest. We shall reproduce the editorial in full in to-morrow's issue of the Advocate.

Sagona's Turnout

The last of the Sagona's seals were landed this morning. The turnout in detail, was 11,664 young, but 27 young hoods, 62 be-lamers, 1 old harps and 39 old hoods, total 11,882 seals, weighing 266 tons, 12 cwts. 16 lbs. gross and 257 tons, 15 cwts. 17 lbs. net valued at \$2,429.75. One third for the crew amounted to \$7,143.25 giving each of 151 men \$47.30.

The North Tells the Truth to Conception Bay

(Special to The Advocate)

BONAVISTA, April 7.—We wish, through the columns of the Advocate, to assure Conception Bay men as a whole that Mr. Coaker, in his public address at Bonavista, did not say that Conception Bay men could be bought for \$10. The parties who signed that message stated a contemptible falsehood. Mr. Coaker stated that he knew it to be a corrupt practice of some politicians in certain parts of Conception Bay to send \$10 bills in envelopes with no name a day or two before polling day to electors, which he regretted to say was practised last elections, but he hoped that bribery of that kind would never be tolerated, either in Conception Bay or any other District in the coming elections. Any other statement is a deliberate falsehood.

We further state that from Trinity to St. Barbe it is solid for the present Government, and we ask Conception Bay friends to join heart and hand with their northern friends and send the Squires Party back to power with a sweeping victory, and turn deaf ears to all misrepresentation of Opposition politicians or heelers.

To the General Public. Ladies and Gentlemen—You are aware that at the end of last Season it was considered that the "Blue Peter" had served her purpose, and was no longer effective as a race boat. She was removed from Quidi Vidi and is now housed in the C. L. B. Armoury.

Her removal has left a vacancy in the number of boats fit and suitable for racing, which already are few enough, and it would appear to be advisable to replace her with a new boat. This association is not sufficiently strong in funds to purchase a new boat, and it now seeks to find out if the public generally are prepared to purchase one. The association feels that, although it assumes annually, the trouble and expense of keeping practice boats and race boats on the lake, it is, in a sense, but the custodian of public property. It is the public as well as the various crews, who get the pleasure and enjoyment from Regatta Day, and it would seem fitting that the public should contribute in full for the purchase of boats when necessary. The members of the association fully appreciate that the times are not too prosperous, but they are also aware that many thousands of dollars are being spent on amusements of different sorts, whereas a little over one thousand dollars would enable them to continue to have this sport also. Furthermore, it is an investment in sport, because, barring accidents, the boat will be there for many years. If 2,500 people who attend the Regatta are prepared to subscribe 50 cents each for the purchase of a new boat, sufficient funds would then be raised to get it. Supposing the boat were in use only ten years, it would cost such subscribers only five cents a year. As has been already stated, this association is not in a financial position to replace the "Blue Peter," and it is up to the public to say whether they are willing to subscribe for a new boat.

The association does not intend to collect any money now, but would appreciate any assurances, either to them privately or through the press, of subscriptions in the event of a decision in favor of a new boat.

They will be glad to publish amounts received, in the papers, and all costs in connection with the purchase. If the necessary amount should be oversubscribed, it would be willing to place the unused balance in a trust fund until another boat is required by any club having race boats on the lake. Of course it would greatly appreciate permission of the subscribing public to retain the unused balance, as running expenses of a boat club are very high. The public will, perhaps, be good enough to state their views on that point, either publicly or to the association.

As this is a matter that requires an early decision, and one which affects so many people it is hoped that the views of the public may be conveyed to us without delay.

The association is indebted to the editors of the local press for so kindly giving us space, particularly at this season, for so long a letter.—C. L. B. OLD COMRADES' ASSOCIATION.

INCONSISTENT

(Editor Evening Advocate)

Dear Sir—The Telegram the last month or so is boosting the union men of the city to try and swing the laboring vote in favor of the Cashin-Higgins-Bennett party. The Telegram will get a rude awakening after the ballots are counted. In 1912 when the union printers went on strike the Telegram proved what friends of organized labor they were. Even the printers employed at that office were the first to rat on the men who were out to better their condition in life for both themselves and families. Men who worked as long as twenty-eight years and helped to a large extent to swell the bank account of the owner of the Telegram were thrown on the street when they asked for a few cents increase on their wages, and were told to "go to night" by the autocrats who control the pink sheet. This is the paper which is boosting the workingman and which expected some of the printers employed at that office to bring up a family of eight or nine children on \$10 and \$12 a week. The idea of the Telegram in the new role of champion of the cause of the laborer would make the workingman smell a rat as he passes along by that office.

Mr. Workingman, this is the paper which is now asking you to support the Cashin-Higgins-Bennett party, a paper which would not even grant a few cents an hour to their employees who spent the best years of their lives in helping to make money for the owner of that paper. This paper was fed on government pay for 25 years and which was always opposed to organized labor and its friends. Every intelligent worker in the city, whether he be a member of organized labor or not will support Squires and his party of progress and will give Cashin men both East and West such a snowing under when the poll is declared that even the pink sheet on water street will turn white.—WEST-END UNION MAN.

Placentia and St. Mary's Will Return to The Liberal Fold

On Saturday afternoon messages were received in town from the Liberal trio for Placentia, Bona, Bindon and Browne. The candidates were seen at Branch enroute to St. Mary's Bay from Placentia. All along the Cape Shore Capt. Tom Bona and his colleagues met with a splendid reception. The bluster and brag of W. J. Walsh and the soap of Mike Sullivan will not avail, neither will their dirty insinuation that Capt. Tom Bona, minister of finance and customs, is a Coaker candidate accomplish the obvious purpose for which it was intended. Capt. Bona's record, both at a representative for his native district, and as an honorable citizen, is untarnished. Compare him, men of Placentia, with M. S. Sullivan and what will your answer be? Bindon and Browne also have reputations which will bear the full light of day. They go to the district as Liberal candidates and it returned may be relied upon to worthily represent the constituency. From all sections of the district comes the cheering news that Placentia will be found within the Liberal fold again after polling day.

NOTES SPRINGDALE

Barnes Jones and Brown will be winners here.

Springdale is in the fight and will do its share of fighting for industrial progress.

We understand there were several stop-shorts stepped into the Opposition sieve for this district, and, alas, after Bennett's three weeks sifting three disregarded featherweights have fallen out.

Ayre, Short and Peters are regarded as tail-enders and only sent down to fill the gap. Ayre and Peters are unknown and uninfluential, while Short is known and possesses little personal influence.

Is it true that Ayre wired \$50.00 to a Tory named Perry?

The Tory candidates are not praising their own party but spend the time abusing the present govt. and advocating a split vote. The joke is that they all want to be the man returned. The electorate says "Nottin' doin'", we will vote the straight ticket for Barnes, Brown and Jones.

Surely it is plain to every intelligent elector that if the Squires government have started the wheels of industry going on the Humber they should be accorded praise rather than be scorned, assailed and libellous statements spread abroad about them.

It is rumored that a political meeting of the Tory remnants was opened a few nights ago by Aunt Mary Ann who started by singing: Green Bay voters open your eyes. Don't listen to the Tory lies.

Vote for Barnes, Jones & Brown And made the Opposition men bow down.

Squires Liberal Policy Means Our Prosperity

DEFINITION OF TORY PARTY MEANS STAGNATION

Editor Evening Advocate.—

Dear Sir,—I have thought that perhaps a few lines from this Little Bay of ours may be of interest, at least to some of your many subscribers.

Well, sir, Little Bay in the early days was a very busy "Mining Camp," and we are in hopes to see it again, in the very near future, a "Beehive" of industry, and especially now.

Copper has reached the very encouraging price of 6½ cents per pound. There is no reason why Mr. W. A. MacKay, (that most energetic prospector) should not get a move on here.

This "Our Reliable" Little Bay mining property; seeing that many of the old mines in the States and Canada, which have been idle for some time past, are becoming active again, also new mining properties are being looked after.

For instance, "Elbow Lake" Manitoba is receiving much attention by mining men and capitalists, both from the States and England, and an English Syndicate recently bought forth one claims for a reported consideration of \$750,000. The proposition to build a railway 80 miles long from the Hudson Bay line to the mineral area is under consideration by the Manitoba Government.

The new Premier, William Bennett, who represents "The Pass District" in the Legislature is said to be strongly in favor of the proposition.

Then why should not our Premier, Sir R. A. Squires, be in favor of carrying up this dead old Newfoundland of ours:—"Ye Ancient Colony".

Why should not Sir Richard bring English capital in to open up our mineral wealth, and also to grind into wood that we possess; I repeat: not? Is it because a certain "Stagnation party, known in this country, as the Tory party, are opposed to progress, as they certainly always have been, that the bone and sinew, yes, and the best brains of this country, must allow the wheels of Progress, that's revolving so rapidly in every other country under the sun, to stop, so that a favored few of this Starvation party could get big fat "Rakeins" while the "Small Fry," the labourer, would stand "afar off" with a cast look on their faces. Well, sir,

quite amusing to hear a few Tory talk about returning their men, as far as this district is concerned, why, sir, is this district want Tory (it never will) the man who led the Patriotic Club in Twillingate in the early 70's and elected his three men, the late Sir P. D. T. Carter, the late A. J. W. McNelly and the late Richard Pigeon Rice. That man was the late Samuel Baird, he broke the back of the Merchant Tory Rule in this district: went Tory, poor Mr. Baird would turn over in his Grave. The poor dependant fishermen of that day, who had to face their Tory Merchant in the polling booth, would rise up and condemn the children of this generation, should they think of voting for a Tory. You cannot expect anything good from a Tory Government.

Listen to what Webster says at a Tory, one who is averse to any, especially in the way of extension of democratic power; an advocate of class distinctions and privileges, as

opposed to the republican theory of Equality. Can any man with a spark of true Liberalism in his makeup vote for a Tory Party, I am not speaking of Tories personally, but as a party or Government. You will see Mr. Editor, that their principles as a Ruling Power are utterly opposed to the principles of the Free and Liberal Government. Coaker is indeed "A Wonder, and Bonds' mantle has fallen on Squires who will wear it and pass it on to his successor in Liberalism, clean and unsullied as it was dropped on him by the Right Hon. Sir Robert Bond."

Squires can't lose. The following may be amusing if not interesting. Let us call it "A Parody on Labor Day."

A PARODY ON LABOR DAY
"The right to labor is divine,"
And the fisherman's reward,
To make his fish when the sun do shine,
And ship to his Merchant-lord.

To earn his bread by codfish and "Swill,"
Pay ten cents a "shot hole" with his fact all a smile,
Pay two dollars hire for the use of a gun,
Get out in the morning on the ice for a run.

He who works and he who pays,
Should each be just and true,
And vote for Squires and Coakers' ways,
And they will put the "Humber through."

But he who hordes a mass of wealth,
From codfish Seals and greed
Must surely shut his heart and fist,
Against the honest poor man's need.

He soon from cares and wealth must part,
And lie beneath the sod,
With broken spurs and West India fish,
The crooked road must plod.

The joy of service well performed,
'Tis written of Squires as one
He started when perfect plans he found,
It will end when his work is done.

And now again on Election Day,
By Coaker and Squires we'll stand
And vote for the men that's loyal and true,
And save our Native Land.

We will stand as miners erect and strong,
With hammer and drill in hand
To prove up the "Gull Pond mine,"
And bless our happy land.

And now for the men, with gray hair, who have travelled the "Frozen Pen," And opened the "Mother Lode mine." That's giving bread to miner and man.

Pure Whole Milk

WHEN you buy Carnation Milk you are sure of its purity. It is pure, fresh milk, with about 60% of the water removed by evaporation, hermetically sealed and sterilized before it is sent to you. Thus absolute safety is coupled with real convenience and economy for Carnation Milk can be used in place of Cream, and with a little more than an equal part of water added is "whole" milk. And it keeps. Order from your grocer several tall (16 oz.) cans or a case of 48 cans.

Try this recipe and write for the free Carnation Cook Book.

EGG CHOCOLATE

1 egg, ¼ cup water, 2 teaspoonfuls sugar, ¼ cup Carnation Milk, 2 teaspoonfuls cocoa. Beat egg, add other ingredients. Shake well. This recipe makes one cup.

absolutely no need for worry if he waits until that pair get elected in the district of Bay de Verde. By that time he will be in the land where we are told there is no worry, so he can rest his poor mind easy on that account.

Another assertion of his is that Crosbie bought thousands of quintals of fish at Bay de Verde and paid top prices for it. He is a noted fish merchant, but he generally fixes it so that the profits go into his own pockets. If he pays top prices for fish he must be like his friends of "Water Street," "gouged by necessity."

Jawn had better take care of his money for he will get no more from the fishermen of this country. They have his number and after polling day he will be marked missing, having lost his way in the shower of votes that will be accorded Cave and his colleague. The people of Bay de Verde have no use for men of Crosbie's calibre. He is the man who said he didn't see where the money was coming from for the education of the poor little children, and he said "Oh, it doesn't make any difference for one year." I wonder

if he knew where the money was coming from when he went down to the Minister of Finance and demanded his thousand? Will he tell the electors of Bay de Verde what he can rest his poor mind easy on of that money? Maybe he will be asked that question, so he had better buck up. Now Sir I may say on closing that the people of this district in general are in favor of the government with the policy of industrial development and prosperity, and not the Tory bunch with the policy of stagnation. So come on Cave and Cramm, you gave Pud the licking of his life in the last election, and now this pessimist of the Daily News has the gall to force himself on the people of Bay de Verde again. But both he and Jawn had better book their passage for California for the people of Bay de Verde have no more use for them than they have for a wet day in summer time. So I would say to Bunt's Hill that before writing to the press again he should see a brain specialist for just as sure as he is of Crosbie being elected, so sure am I that he won't. I feel equally sure that there is something wrong with Bunt's Hill's top storey.—LOOKOUT.

OBITUARY

JOHN CAVE.

Change Islands,
March 19th, 1923.

To the Editor.

Dear Sir,—Will you please allow me space in your valuable paper to record the death of Mr. John Cave, who passed peacefully away to the Great Beyond on March 17th, age 68 years. He was alling for a long time from beri-beri, and he was paralyzed on Friday night. He will be greatly missed by all his family. He leaves to mourn a wife, one son, one daughter, one daughter-in-law.

and one grandchild. The service was conducted by Rev. H. Gosse, C. of E. Priest. His daughter is also school teacher down North. Many attended the funeral. His daughter will be greatly surprised when she hears the sad death of her father. We extend our heartfelt sympathy for the bereaved family.

A loving one from them is gone,
A voice they loved is still,
A place is vacant in that home
Which never can be filled.

Now the Labourer's task is o'er;
Now the battle day is past;
Now upon the farther shore,
Lands the voyager at last.
Father in Thy gracious keeping
Leave we now Thy servant sleeping.

Day by day
In every way
Higgins is getting
Nearer and nearer
His finish.
Bartlett,
Bulley,
Burke.

Fox is losing and we can't see him; it is the voice of the people.

If you don't want to be unrepresented for another four years, vote for the Government Candidates, Bartlett, Bulley and Burke.

Squires and Progress or Bennett and Stagnation.

Soft soap stuff won't work this time Fox. The people have had enough of that, they are not taking any more.

Every man has a right to think as he pleases, Billy, and it cannot be discovered how he thinks, but no man has a right to teach any doctrine that he knows is not true.

The straight ticket for Bartlett, Bulley and Burke. That's how the East End is going to vote.

Burke never ceased his efforts until he has accomplished his aim, Cyril J.

It will be so dreadfully hot for Higgins and his drags in the East End this time that there will be nothing left for them to do.

The East End is going to give place to men who will faithfully discharge their trust.

A Government of the people by the people for the people cannot lose.

Only men that keep their friendship in constant repair, advance thru life, Cyril J.

Squires will smite the rock of national resources and an abundant stream of work and wages will gush forth.

Fox is the type of man, who in a time of famine would vote for nothing but a supply of toothpicks.

Squires The Humber and Progress.

Don't be a loser, be with the winning Squires crowd.

Newfoundland cannot hope to go ahead with such a bunch as Higgins, Villicombe and Fox looking after its affairs.

Bulley Badly Beaten.

Only a ninety per cent. vote on Bell Island for the three B's, Bulley.

Burke has developed himself into a self starter in life and overcome the habit of postponing work that must be done.

A certain Government official on Bell Island, a personal friend of Higgins, better be careful how he telephones his friends in St. John's.

Bulley will be surprised when he goes to Bell Island to see so many of the people that were staunch supporters of his last election are now with the winning Squires crowd.

Higgins is not in the habit of visiting his districts until he is seeking election.

SQUIRES HAS HELPED THE WORKERS

Editor Evening Advocate,

The following is taken from the "Labour News," which may be of interest to the thousands of readers of the Advocate. It will be seen from the foregoing that Newfoundland is not the only country suffering from the Unemployment Situation.

Yours truly,
ONE ON RELIEF WORK.

UNEMPLOYMENT — HERE AND ELSEWHERE

A Halifax paper of recent date says:—

"The politicians of Canada seem determined to ignore the question of unemployment. The national conference on unemployment began and ended in 'talk,' as was to be expected from politicians who place party self-interest above the well-being of the people. Reports from all over Canada indicate that unemployment will be almost as serious as last winter. In Halifax the situation is expected to be just as critical as in 1922. It is estimated by those in close touch with conditions that already four or five hundred men are out of work in Halifax and this number is being augmented each week, with no possibility of amelioration within the next three months."

It would seem by the foregoing that Newfoundland is by no means alone in her unemployment difficulties and it will be also seen that the treatment that is being handed out to the unemployed elsewhere is not too far a moment compared with what the Government of this country is doing for those of our people who are out of work.

The Government has been bitterly condemned for providing relief work but such an action would, it will be seen evoke praise and not censure in other countries, especially amongst the people who count—THE WORKERS.

VISITS SEALING INDUSTRY

Saturday morning at 11 o'clock His Excellency the Governor and party from Government House, accompanied by Mr. Edgar Bowring, paid an official inspection to Fowling's Southside, where they watched the landing of seals from the U.S. Sagona. The party then proceeded through the manufacturing plant, first the skinning room and from there to the refinery department where the fat was reduced. His Excellency and staff remained at the premises for upwards of an hour and felt highly pleased with our local industry.

A WORKING MAN'S WIFE ANSWERS A TORY HEELER

A gentleman tells us the following story of an incident which occurred in a grocery store on New Gower Street one evening last week. A working man's wife was making a purchase and after she bought the article, asked the proprietor of the store for an evening paper.

"What paper will you have, Madam?"

"Squires paper, *The Advocate*." A party present butted in and said, "So you are a Coakerite."

"No," said the woman, "I am a Squires supporter and so is my husband and boys. We have good reason to be, seeing that his government have found work for my husband for the past two years."

The woman told the Hang'er down a thing or two about minding his own business, much to the enjoyment of several people in the store. Sir Michael and Sir John will get a liberal dose of common sense from the laboring people of the West End on polling day when they cast their ballots for Squires, Campbell and Fitzgibbon, work and good wages for all.

The Sable I. left Louisburg at noon to-day with 350 sacks of mail.

BRAVE MOTHER RISKS LIFE TO SAVE CHILD

The magistrate at Fogo sends a report to the Justice Department of a fire which occurred at Island Hr., March 17, when the house and contents belonging of Kenneth Ford was totally destroyed.

It appears that about 3 o'clock in the afternoon, says the report, one of the children noticed smoke about and told his mother. Her husband was in the woods at the time and she, on opening the door of the upstairs room, found the place all on fire. She then ran to call her nearest neighbor (Lebdee Ford), the baby, 18 months old, was in the cradle in the kitchen. When the mother came back to the house, her brother-in-law, Lebdee Ford opened the door to rescue the baby but he was met by fire and smoke and retreated. The mother, however, rushed in, reached the cradle and caught the baby up in her arms. While she was doing this the draught closed the door behind her and she was trapped.

The smoke was so dense that she could not find the door. At last, in groping about, her hand touched the door knob and she got out. One of her arms, her neck and the side of her head were badly burned and the baby was burned about the head.

There is no doubt this woman risked her life to save her child and it has turned out all in vain as the baby died and was buried in Fogo Saturday last.

The mother appears to be slowly recovering. There are six in the family and they are left entirely destitute. A public collection is being taken up to help them in their distress.

TOR'S COVE IS SOLID FOR SQUIRES GOVT

Tors Cove, April 7.—The government candidates held a meeting here last night and the hall was crowded to capacity. The chairman Mr. H. Power, introduced the candidates and they were received with tremendous applause. Mr. Hearn was then called upon to address the meeting and at the close of same he was cheered to the echo.

Mr. McGuire, the next speaker, explained the Humber proposition in detail. He also received a great ovation. Mr. P. O'Driscoll in a lengthy address reviewed the present situation.

The government candidates are sure winners. We are fed up on promises.—M. Power, chairman; L. Howlett, M. Brennock, G. Colbert, P. Colbert, J. Nangle, M. Ronayne, M. Melvin, P. Brazil, L. French, A. Nagle, G. Power, P. J. Power, P. Burke, J. Power, E. P. Ronayne, P. O'Driscoll, Patrick Nagle and others.

OPPOSITION NO CHANCE IN BURIN

(Special to The Advocate) MARYTOWN, April 6.—Glad to hear such good reports from Conception Bay and Northern districts. From most reliable information and my own knowledge I feel quite confident that Foote and Cheeseman will have a majority equal to that of 1919. Opposition have no chance in this district.

SOLD AGAIN

It is rumoured in Opposition circles that the Government are now negotiating with St. Pierre for the sale of the Grand Banks and that the deal has already reached to option stage.

There is a slight hitch, however, owing to the fact that there is some doubt whether or not that stretch of the Atlantic covering the Banks is to be included in the sale.

HERE'S THE TRUTH ABOUT BONAVISTA

(Special to The Advocate.)

BONAVISTA, April 7.—Great enthusiasm meeting of the F.P.U. Council was held here last night; addressed by Messrs. H. W. Quinton and Captain Jones, both of Port Union. Their coming and help rendered was greatly appreciated. A large gathering attended; new members joining every night, and all back members paid up. A sweeping victory for Messrs. Coaker, Abbott and Winsor is assured here.

RICHARD ABBOTT,

Chairman.

EAGLE ARRIVES FROM THE SEALFISHERY

SHIP HAILS FOR 10,000

The Eagle Capt. Edward Bishop, the second arrival from the sealfishery entered port at 5 p.m. yesterday, hailing for 3,000 young harps, and 1,000 old harps and bedlams. The Eagle has been forced to give up the voyage owing to being partially disabled, as already reported when on March 25th while working in heavy ice she lost three blades of her propeller. The ship was amongst the first to strike the seals, and in the scramble managed to get 7,000. Since losing her blades the Eagle has been making slow progress, finding it extremely difficult to get about in ice, nevertheless her crew managed to pick up another 3,000 seals.

The ship was well to the southward, when she bore up on Thursday night last and made fair progress to port. It was regrettable that the ship should have met with the mishap. Capt. Bishop and crew are all enjoying good health. The work of discharging the ship's seals begins at Bowring's this forenoon.

CABOT RETURN

HEARN AND MCGUIRE ARE GIVING TORY CANDIDATES UNEASY TIME

The Cabot returned yesterday from the Southern Shore, bringing 17 passengers. She towed the steamer Elizabeth Rodway here from Trepassy where she had been for more than a week.

Persons arriving by the steamer say that Hearn and McGuire, the Liberal candidates are giving the Tory pair an uneasy time of it. The people along the shore are fed up with Phil Moore's "Play-acting" while Peter Cashin has nothing whatever to say to them—he is depending solely on the name to give him his election.

The Tory idea in sending these two nonentities up there is that anything is good enough for Ferryland Dist. if Cashin sends them up.

CONTRADICTS THE TORY REPORTS

(Special to The Advocate) TICKLE HR. CROSSING, April 7.—We desire to publicly contradict item in Daily News and state that we gave no authority to any person to use our names in report of Tory meeting at Whitbourne, stating the place was solid for Tory party. In our opinion 80 per cent. of Whitbourne will vote for Messrs. Halfyard, Hibbs and Randall.

WM. KENNEDY,
R. HUTCHINGS.

CAPE SHORE FOR SQUIRES

OPPOSITION TRIO NOW ADMIT DEFEAT

PLACENTIA, April 7.—Parties arriving here from St. Bride's, Cape Shore, bring cheering news of the whole-hearted reception extended to Capt. Bonia, Minister of Finance and Customs; Jas. Bindon and W. J. Browne, the Government candidates. Flags were flying and guns firing as the popular Government candidates entered each cove on their march to victory.

Bonia, their old true hearted friend and popular member, who proved their friend and looked after their public needs, when he represented them before and who saved them from the grasp of the Tories, now again is coming to save them from the destruction of the Cashin-Crosbie Tory faction. Voters old and young are prepared to give Bonia, Bindon and Browne their strongest support on polling day, by rolling up the largest majority vote ever polled in this district.

The Cashin-Crosbie trio started on their long stern chase yesterday. Every fisherman knows that this is a long chase, especially with wind and rain dead ahead. Every one remarked how dejected they looked as they started on the road to defeat. The chilly reception extended to the Tory Crosbie-Cashin-Bennett trio proves beyond a doubt that they are labouring in vain. The fishermen now know that a vote against the Government candidates is a vote against themselves and their future prosperity.

The fishermen of this district are not so green as the Tory trio think them to be. What have they done for the past three years to improve our local conditions? What can they do for the people?

It behoves the voters of this district to think twice before they vote, and then vote for BONIA, BINDON and BROWNE and prosperity of our country, and save us from the grasp of the Tory Crosbie-Cashin Merchant clique.

Every day in every cove and village Squires candidates grow stronger and stronger.

Squires can't lose. Bonia, Bindon and Brown can't lose.

—FISHERMAN.

Last Shove Off

The announcement that Capt. Eric Chas's is going to Burlin for the Tory Cashin Party and Mr. Chambers to Burgeo in the same hopeless cause, means that the candidates spoken of by Bennett as falling over themselves to come out for the Tory Party, do not seem to have materialized. These were not even mentioned at the Tory meeting last night.

VICTORY SURE

(Special to The Advocate.)

LITTLE HEARTS EASE, April 7 Campaign of Government candidates so far, has been a great success. Don't heed misrepresenting Tory press. They are trying to keep their courage up.
